(c) the details of steps taken or proposed to be taken for export promotion;

(d) whether Government is proposing any plan for taking active support of the States for export promotion efforts; and

(e) if so, the details of the scheme and its *modus operandi!*

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) and (b) There was no decline in export growth during the last two years. According to latest revised data, exports increased by around 23% in dollar terms during 2005-06 and 2006-07. However, according to provisional data available for the current year, export growth when compared with previous years has decelerated to 18 per cent in dollar terms and 6 per cent in Rupee terms during the period April-July, 2007. The current deceleration in export growth is influenced by the sharp appreciation in the exchange rate which has effected certain export sectors which are less import intensive.

(c) Export promotion is an ongoing endeavour of the Government and initiatives are taken from time to time in accordance with the Foreign Trade Policy and its Annual Supplements. In addition, during the current year the Government has announced a relief package to help neutralise the adverse impact of Rupee appreciation on exporters. This package comprises enhanced Duty Entitlement Passbook (DEPB) rates, reduction in Export Credit Guarantee Corporation (ECGC) premium, release of Rs.600 crore for clearing all arrears of terminal excise duty and Central Sales tax reimbursement, enhancement of duty drawback rates and reduction in interest rates on pre and post shipment credit.

(d) and (e) The Government recognises the importance of active support of States for export promotion efforts. In view of this the Government has operationalised a scheme for assistance to States for Developing Export Infrastructure and Allied Activities (ASIDE). The Scheme consists of State Component with 80% allocation of total outlay and Central Component with the rest 20% of the outlay. The infrastructure projects for promoting exports are approved by the State level Export Promotion Committee headed by the Chief Secretary of the respective States. The projects under Central Component are approved by an Empowered Committee in the Department of Commerce. For the Eleventh Five Year Plan, an outlay of Rs.4450 crore has been proposed. An outlay of Rs.600 crore has been approved for this scheme for the current financial year, *le.,* 2007-08.
